1 Introduction

The following Regional Economic Communities (RECs) are integrating the economies of their member states into a single enlarged market through a grand Tripartite Free Trade Area (FTA):

- Common Market for Eastern and Southern Africa (COMESA)
- East African Community (EAC)
- Southern African Development Community (SADC)

The grand FTA will be achieved through the removal of all tariff and non-tariff barriers to trade. With tariff liberalisation achieved, the challenge remains to eliminate the various Non-Tariff and other barriers to trade that contribute to the high cost of doing business across the region thereby inhibiting intra-/inter- regional trade. Removal of non-tariff and barriers to trade is identified as one of the priority areas of cooperation under the tripartite framework.

To this end, COMESA, EAC and SADC are implementing a Non-Tariff Barriers (NTBs) reporting, monitoring and eliminating mechanism which incorporates concrete timelines for the removal of NTBs.

The online NTBs reporting, monitoring and eliminating mechanism, developed for the REC Tripartite, is available on this website. The web-based NTBs mechanism will enhance transparency and easy follow-up of reported and identified NTBs.

2 Public user access

Members of the public can register as users on the NTB website in order to submit and track complaints regarding the elimination of identified trade barriers. Public users can also send a complaint in an SMS or Text message.

Public users **can**:

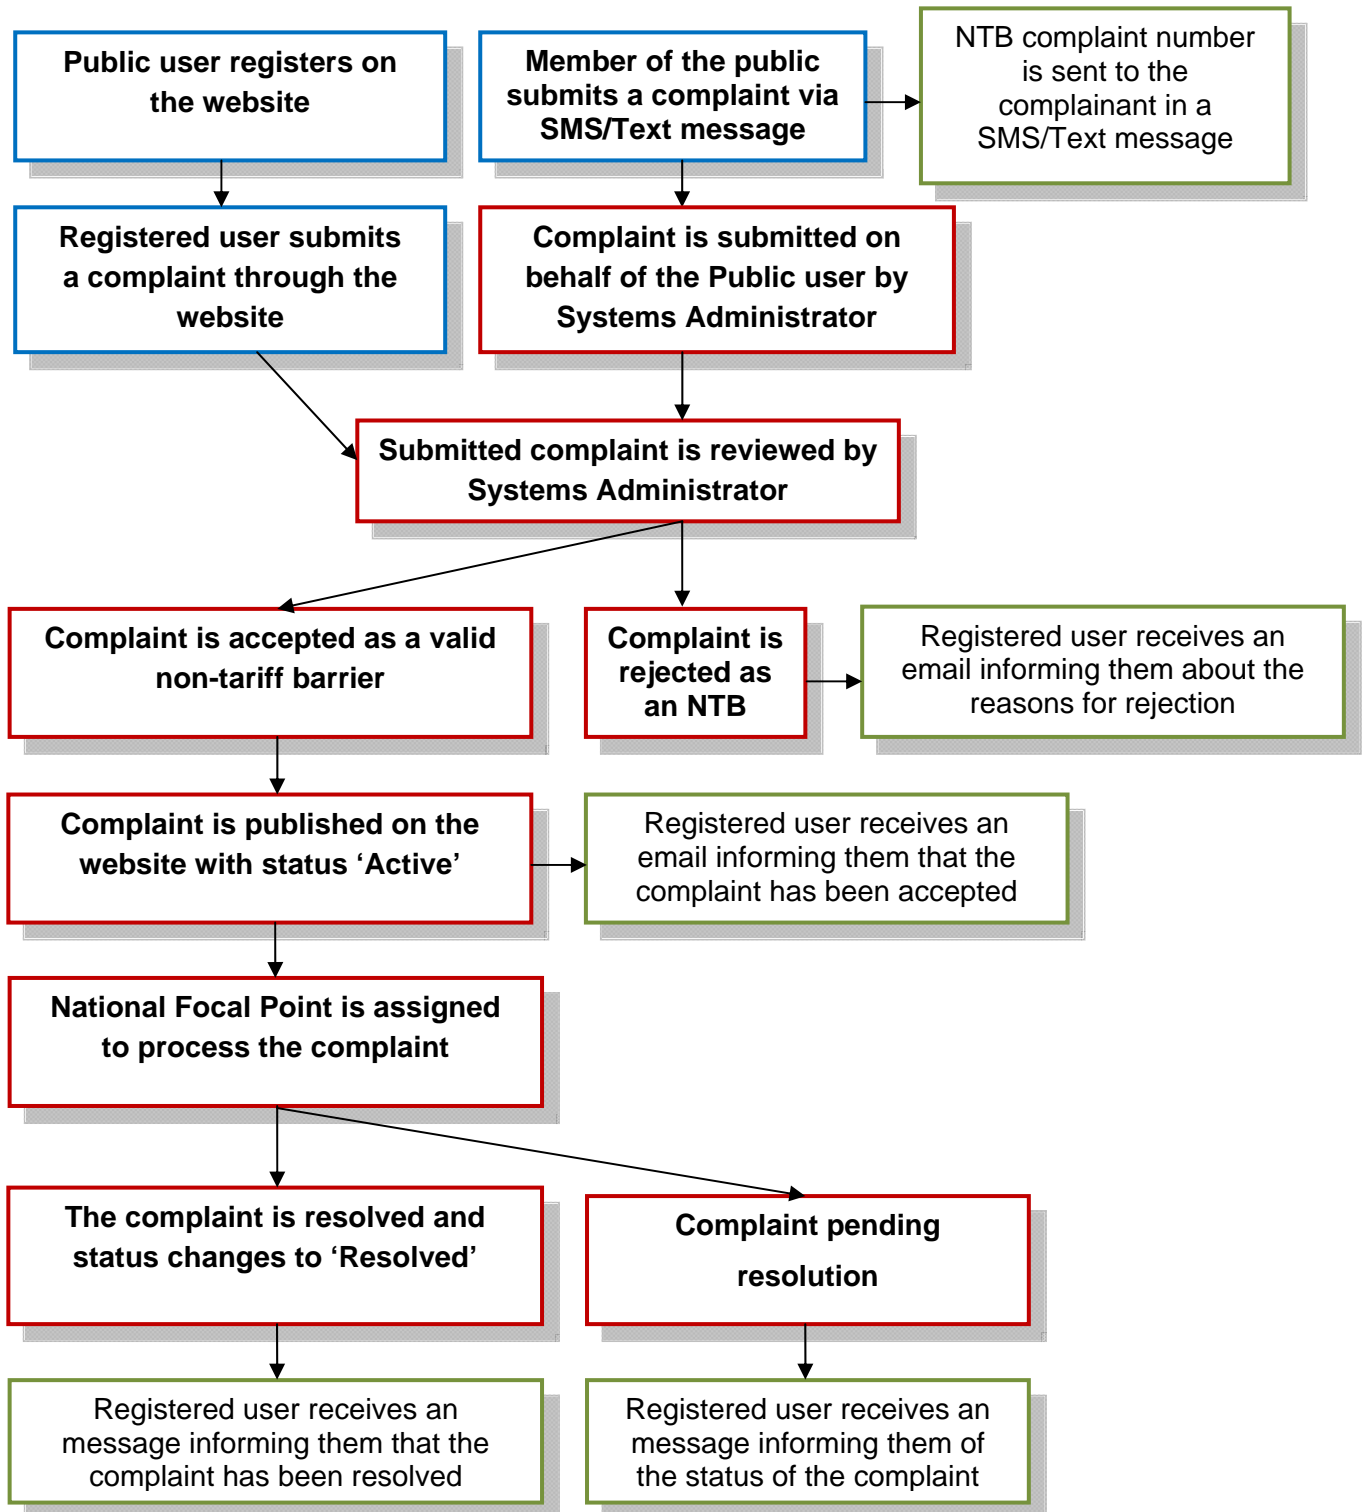

- through an SMS/Text message or directly through the website
- edit their own user profiles on the website
- view all active and resolved complaints on the website

Public users **cannot**:

- edit their own complaints after submitting them

3 Complaint submission and resolution process

Complaints submitted to the system are dealt with in a few phases by the various role players. The process is illustrated below.

4 Accessing the system

4.1 How to access the NTB website

To access the NTB website, type the following URL into the address bar of your browser:

<http://www.tradebarriers.org>

The home page displays as follows:

The screenshot shows the homepage of the Non-Tariff Barriers Reporting, Monitoring and Eliminating Mechanism. The header features logos for COMESA, EAC, and SADC, along with language options (English, Français, Português) and a map of Africa. The main navigation menu includes Home, About, Non-Tariff Barriers, Complaints, Notifications, Documents, Links, and Contact. The content area is divided into several sections: 'What is a Non-Tariff Barrier (NTB)?' with a brief definition and a 'Read more...' link; 'Report an NTB' with a 'Register your complaint' link and a list of steps; 'Statistics' showing 372 registered, 268 resolved, and 104 unresolved complaints; 'Most recent documents' listing reports from September 2011; 'Latest notifications' listing notifications from June 2011; and 'In the news' with recent news items from October 2011.
